

College Board Advanced Placement Examinations

The University of New Hampshire recognizes the College Board Advanced Placement Examination Program as a means of evaluating a student's eligibility for advanced placement and credit. Students admitted to UNH who have taken AP exams should have official AP score reports sent directly to the UNH Admissions Office (ceeb #: 3918) from the College Board (609-771-7300/http://www.collegeboard.com/student/testing/ap/exgrd_rep.html). After receiving the AP score report, the Admissions Office notifies the student, the student's college dean, advisor, and the Registrar's Office of any credit award.

The University's policies relating to scores, credit awards and University course equivalents are indicated below. These policies are reviewed periodically by University departments and may change at any time.
