**2017-2018**  
**NEW ENGLAND REGIONAL STUDENT PROGRAM**

The University of New Hampshire participates in the New England Board of Higher Education's New England Regional Student Program (NERSP). Under this program, New England residents may apply to UNH for a specific major covered under the NERSP and pay a reduced tuition rate upon admission. If you change your major to a non-NERSP program before receiving your degree, you will be required to pay the regular out-of-state tuition. The NERSP tuition rate is subject to change at any time. Currently, our NERSP rate is 175% of our in-state tuition.

Below is a list of UNH programs currently available through the NERSP. Other programs may be added or existing programs may be deleted for the next academic year.
